Guidelines to prepare your video

Researchers (Exclusively authors of accepted papers) are invited to prepare 5-minutes (short papers) and 10-minutes (long papers) video record to be broadcasted in event of problem connection at the AMT'22 congress.

We ask researchers to be a good presenter as much as they can, preparing and rehearsing presentations.

Instructions for video presentation making

Authors are invited to follow the instructions below:

- Prepare presentation within time constraints 5-minutes (short papers) and 10-minutes (long papers).
- **Add the AMT'22 congress logo on the top of slides**.
  Logo link:
  https://drive.google.com/file/d/10ThhixyGxedex_sgvABsNembkfPbTmkf/view?usp=sharing
- Use visuals (figures, images, videos) much more than texts. Look for simplicity and consistency.
- Make sure that presentation includes: Summary, problematic, illustration and figures-based explanation, eventual experimentation and results, and conclusion.
- Take care of sound quality and boost volume (*do not use background sound*).
- Record and upload your presentation. Video Proposals **Deadline: March 15, 2022**.
- *A guide to prepare your presentation using PowerPoint:*
